The Nodaway county fair is on!

It began this morning with a fairly large crowd of Maryville residents and many from out of town in attendance. The crowd from out of town increased every hour of the day, and at 3 o'clock this afternoon had reached fairly creditable proportions. But the attendance tonight will be far bigger, it is believed, while each succeeding day the attendance will continue to increase.

The attendance at the fair grounds even yesterday afternoon was quite large; in fact, was larger than for any day of the Maitland fair, according to James Andy Ford, manager. The sight seers walked from stable to stable to view the show and speed horses, the race track, the different concessions and amusements being put into place for the fair this week, or chatted with neighbors who also had driven in from out of town to catch a glimpse of the grounds before the fair opened.

The big drawback at the fair grounds this year is going to be in finding quarters for all the horses and other live stock that is coming in for the fair this week. Even yesterday morning it was necessary to stable some of the horses in the stalls at the George Lucas farm, east of the fair grounds, and still others temporarily were stalled in the east wing of floral hall. Compared to a total of thirty speed horses at the county fair here last year, there will be more than 100 here this week, according to Manager Ford and W. O. Geary, superintendent of races and clerk of scales. Then there also will be a large number of horses brought here only for entrance in the night show rings. Every one of the 125 stables are full.

Exhibits Continue to Come.

The lighting arrangements for the fair were completed today and everything finished to insure the entertainment and accommodation of the crowd. With a cool, clear sky to start off the week's fair, indications are that the crowds easily will break the records of last year.

Captain John H. Worden, the aviator, and his helper, Mr. Anderson, arrived in Maryville last night from Austin, Texas, and gives his first flights today. J. C. Wright, balloonist, also is on the grounds, as well as other amusement promoters. Most of the concessions are in place today, though a few have yet to be installed.

The exhibits of grain, vegetables, fruits, household crafts or textiles, are being entered today in floral hall. All will not be in before tomorrow afternoon, it is said. Much live stock also is still out, especially in hogs and cattle. The poultry exhibit promises to be quite thorough and to show every breed of fowl.

To Race Ox at Fair.

Arrangements have been made caring for horses and teams driven to town, by all liveries and by several who have leased ground across the street from the fair grounds. No cars or vehicles used for hire, are allowed past the Burlington railroad tracks, so as to safeguard pedestrians or those who drive to the fair.

The Burlington company also has employed A. N. Reese as special traffic watchman where the tracks cross East First street, to guard against accidents from trains or freight cars being switched. He will be there during the entire day.

One of the arrivals at the fair grounds yesterday afternoon was Matthew Baker, 77 years old, of Barnard, who drove a two-year-old ox here, hitched to a small spring wagon. He will be on exhibition several days. He expects to enter the ox in a feature race at 4:30 o'clock this afternoon. He will also run again at 11 o'clock tomorrow morning and at 4 o'clock tomorrow afternoon.

Here Are Some Show Horses.

Some of the persons who have show horses at the fair here this week, together with the names of the horses, are:

J. H. Trapp, Smithville—Rooster McDonald, trick horse which does twenty two stunts, including the various dances, Spanish steps, etc; Rex Carver, Jimmy Gilmore and a two-year-old saddle stallion.

Earl Hutton, Smithville—Princess McDonald, a bay saddle mare.

J. T. Larmer, Ravenwood—Ane show horse.

Munday, Lathrop—Wamego Frash, a standard bred 6-year-old harness horse; Betty B, a registered 3-year-old saddle horse; Prince Chester, a 4-year-old gray gelding; Irene Shrader, a 2-year-old registered saddle mare; Gypsy Maid, a 4-year-old saddle mare; Colonel Thompson, a 4-year-old harness horse; Rex Rose, a 5-year-old registered saddle horse, and one colt.

The township agricultural exhibits will be placed in the east wing of floral hall. There will be one from Polk township, gathered under the direction of Ernest Wray and Ed Fannon, one from Hughes township, under the direction of William Gex, and probably several others. They will not be entered until late this afternoon or tomorrow, it is said.

Federation of Women's Clubs to Get Out Paper Sept. 25—Proceeds to Rest Room.

Did you ever see a real woman's newspaper, one bossed by women and edited by women? Whether you have or not, you are going to have the opportunity soon. On the 25th of September the ladies of Maryville are going to show the men how a real newspaper should be run. On that day the office of The Democrat-Forum—equipment, printers, editors and managers—will all be, figuratively at least, in the hands of the ladies and subject to their dictation.

More than a year ago the ladies of the City Federation of Women's Clubs conceived the idea of establishing in Maryville a ladies' rest room for the comfort and benefit of the visiting ladies. Confident that if its advantages could be shown it would become a permanent thing, they went to work and gathered up magazines until they had a car load and sold them. They gave dinners at the fair and in various other ways they raised several hundred dollars. The county court gave them the use of rooms in the basement of the court house, which the ladies of the federation equipped and furnished for the comfort and convenience of the out-of-town ladies. A lady was employed to take charge of the rooms, and they have apparently grown in popularity and public appreciation. The ladies feel that the enterprise has met their full expectations. The year, however, has passed and the money they raised has been spent, and the question now before them is whether the rooms shall be continued or closed.

They had hoped that the merits of the place would be so fully established by the end of the year that the county court would assist them, but the floods came and the bridges went and the county has no money for them, even if it was willing to make them an allowance. So The Democrat-Forum will allow the ladies to get out a special rest room edition, from which they hope to realize a considerable amount. In addition to getting out a unique and interesting newspaper the ladies will be glad to receive new subscribers, renewals, advertising and job printing and every dollar they make will be devoted to maintaining the rest room.

They will appreciate the assistance of the public in every way. Further announcements will be made as their work develops.

MRS. BRIDGET KANE DEAD.

Was Many Years a Resident of Nodaway County—Succumbs to Short Illness.

Mrs. Bridget Kane, the widow of John Kane, Sr., died about 12 o'clock last night at the family home, east of the city.

Mrs. Kane was nearly 80 years old, and while her health had been frail for some time, she was able to be out most of the time, and yesterday morning she attended church as usual at St. Patrick's church.

During the service she became ill and was taken to the home of her son, John Kane, on East Third street. Later she improved and in the afternoon was taken to her own home. In a few hours she became much worse and sank rapidly until her death.

Mrs. Kane is survived by seven sons and two daughters. They are John Kane of this city, Misses Mamie and Sarah, and Thomas and Michael, living at home; James and Frank Kane of Denver, Col., and James and Robert, living at Goldfield, Neb. Her husband died about twenty-five years ago.

No arrangements have yet been made for the funeral.

TO START INVESTIGATION?

Belief of Officials That Plot Exists to Destroy Munition Factories Supplying Allies.

Special to The Democrat-Forum.

Washington, August 30.—That a well organized plot exists to destroy munition factories supplying the allies is the belief of many officials following the dozen explosions of the past week which are considered more than a coincidence.

All refused to discuss it, but it is learned that an investigation has been started.

STANBERRY WON

DEFEATED FEDERALS IN TENTH INNING 1 TO 0.

WILLEY NOT IN FORM

Local Pitcher Failed to Fan Many, While Hawthorne Was at His Best—Play Here Sept. 12.

The Stanberry Red Sox defeated the Maryville Federals at Stanberry yesterday afternoon by a score of 1 to 0, in the last of the tenth inning. The game was witnessed by a fairly large crowd of Stanberry fans and about fifty from Maryville, though a chill northwest wind swept across the grounds throughout the afternoon. It made playing difficult, and fair balls could not be properly gauged by the fielders.

The Federals had little chance to score at any time, though several men got to second and third during the ten innings. The lone run for Stanberry was made by Walker, who got a single, went to second on a hit by Britain and home on a single by Summa. There was one down when the winning run was made.

Willey, pitching for Maryville, was not up to his usual form and struck out few Stanberry batters. Hawthorne pitched a good game for Stanberry.

Play Here Sept. 12.

The Stanberry Red Sox and the Federals are scheduled to play another game here Sunday, September 12. Each team has won two games from the other, so that the game here two weeks hence is for the purpose of breaking the tie.

GIVES LAST SERMON

PRESBYTERIAN PASTOR YESTERDAY CLOSES MINISTRY HERE.

HOLD UNION MEETING

Churches Unite in Farewell Service for the Rev. S. D. Harkness—Successor Will Arrive September 10.

The Rev. Samuel D. Harkness, who has been pastor of the First Presbyterian church in the city for the past three and a half years, preached the farewell sermon of his pastorate last night at a union meeting of the Protestant churches held at the First Methodist church.

The auditorium and balcony of the church was filled with one of the largest audiences ever assembled in the building. Assisting in the service were the other ministers of the city, who included the Rev. R. L. Finch, the Rev. G. S. Cox, the Rev. John H. Hubbard, and the Rev. Lewis M. Hale.

Gives Splendid Sermon.

Mr. Harkness gave one of the finest addresses which the people of this city have ever had the pleasure of hearing from him. His subject was that of the "Dives" of the world, and if was subdivided into five leading thoughts: The "Dives" of material wealth; or aesthetic discernment; or civil liberties; the dives reared in faith and the dives of gospel privileges.

The entire sermon was a strong appeal for the use of the best of the earth for the Lord's kingdom and the great opportunities given the men and women of today.

Mr. Harkness' successor, the Rev. William Moll Case of Caldwell, Idaho, will arrive in Maryville about September 10 to take up his work at the Maryville church.

With the closing of Mr. Harkness' pastorate yesterday one of the most successful ministries of the church is ended, and it is to the regret of not only his own congregation but of everyone in the city that his relations with the Maryville workers is severed. Mr. Harkness resigned June 1 to take the pastorate of the Immanual Presbyterian church of Kansas City. He and his family left this morning for their new home, and Mr. Harkness preaches his first sermon as pastor next Sunday.

Hon. Joseph Stewart, second assistant postmaster general, is to be made assistant to the attorney general and special counselor, according to a dispatch from Washington. Mr. Stewart is a holdover from the Taft administration who has been continued as second assistant postmaster general because it was said he could not be spared from the department. It seems that the only way to get rid of Republicans holding high offices is to appoint them to better places. Attorney General McReynolds, another of Mr. Taft's appointees, was kept on the pay roll until there was a vacancy in the supreme court, and he was given a life job there. A number of others have lost their positions by promotions. President Wilson, being a tender hearted man, cannot stand the manifestations of grief incident to separating a good Republican from a good job, so he sugar coats the proceeding with a better salary.

A suit for $2,750 has been brought in circuit court here against the Wabash railroad by John Aley of near Maryville, for injuries said to have been received in the wreck of a west bound freight train April 15, this year. Topeka, August 30.—A decrease of 17,000,000 bushels of wheat for Kansas is the latest estimate made by the board of agriculture on the wheat crop. It is estimated that the crop will reach 98,690,000 bushels. The continuous wet weather made harvesting impossible, and this decreased the crop 39,000,000 bushels in two months, it is estimated.

About 140 teachers are attending the annual meeting of the public school teachers of Nodaway county in the Central school building today. Several are from out of the county, who either have been scheduled to give addresses or who desire to get better acquainted with school conditions in Nodaway county. More teachers are expected to attend the meetings tomorrow.

The session opened this morning with a treatise by Miss Ruby Ruddell on the course of study for class D. Miss Ethel Gillinger then made a short talk on the correlation in first and second grades of reading and language and nature study and language.

Prof. Claude Ross, principal of the Ravenwood schools, then spoke on the subject, "Teachers' Daily Preparation of Work." Miss Ada Albert then spoke, relative to the best ways of teaching beginners in a school to read.

One Speaker Detained.

W. P. Johnson of St. Louis, who was scheduled to speak this morning at the teachers meeting on writing and give a demonstration of the muscular movement style, as adopted for the next term in Nodaway county could not attend today on account of illness.

He will take the place of Walter Hanson on the program tomorrow morning, however. He is scheduled to speak at 10:20 o'clock. Prof. Hanson is still at Grand Rapids, Michigan, so will not be on the program.

Author Addresses Tutors.

The first address of the afternoon, which began at 1:30 o'clock, was by Prof. Howard R. Driggs, professor of education in the University of Utah, at Salt Lake City, and author of "Live Language Lessons," which has been adopted for the public schools of Nodaway county next term. His subject pertained to a treatise of the next textbook and how best to study it and phases connected with language.

Miss Hazel Noblett, a local teacher, followed with an address on the length of recitations best suitable to the average country or small town school.

The last address of the day by "imported" talent, was begun at 3 o'clock this afternoon by Prof. W. M. Oakerson, now with the state public school department, but formerly school superintendent of Nodaway county. Mr. Oakerson spoke relative to the state course of study in the public schools.

Why Follow State Course.

Prof. Oakerson explained the value to teachers, pupils and community of following the course of study as prescribed by the state educational department. He then explained the three classes of teachers found in any county.

First, those who do follow the state course of study in an organized, systematized manner.

Second, those who are too indolent, idle or lax to put forth the effort and energy to follow the state course.

Third, those that are so conceited in themselves that they think they do not need to follow the course laid down by them, and adopt their own program of study.

Prof. Oakerson then explained in detail the real value in following the course in systematizing and classifying the work of the school.

Value of Following Course.

"By following the course," Prof. Oakerson said, "the teacher has a definite schedule to pursue, therefore the work will be more definite. It classifies the pupils properly and therefore gives organization to their work. It prepares pupils for the examinations and the completion of the course regularly, because the examination questions are based on the work as outlined by the state course.

"It furnishes an incentive to the pupils for it furnishes an end towards which they have to work."

The session closes today with a talk by Miss Gladys Yeaman on the length of and number of intermissions best suited to the school, and an address by Miss Minnie Everhart on the course of study for pupils in a class C division.

Wife's Mother Sues to Have Marriage With Harold Staples Annulled—Never Lived Together.

A suit to have the marriage annulled, was brought in circuit court late Saturday afternoon by Mrs. Nancy A. Smith for Hazel Staples, her daughter, from Harold Staples. Mrs. Smith says Hazel was only 16 years old when married at Savannah December 11, 1914.

Mrs. Smith further says that she had notified Staples to discontinue the social relations with her daughter and for him to cease his visits to her home. But instead, Mrs. Staples says, Staples used undue influence while Hazel was brooding over her mother's notice, and consented to Staples' proposal of an elopement.

Her statement was born of similar statements made by our customers. They have told us the same thing time and time again.

TUTORS READY TO OPEN UP SCHOOLS

MOST OF TEACHERS FOR THE COUNTY ARE NAMED.

SOME PUPILS TO GET FREE TEXTS THIS YEAR

Several Boards of Districts to Offer Books Gratis to Children—Here Are the Educators.

The 164 little country school houses and the thirteen big town school buildings of Nodaway county will be thrown open again next Monday morning to the hundreds of sunburned kids who have been enjoying a three to a five months vacation. Teachers are now arriving in their respective districts, preparatory to starting off the 1915-16 school term in grand style next week.

Most of those who will teach in the county next term are in Maryville today for the annual teachers' meeting being held here today and tomorrow. Some will not be in the county perhaps for several days, however, on account of being away on vacations or attending schools elsewhere for their own advancement.

While there may be a few rural schools over Nodaway county which will not be opened until September 13, virtually all will be started off next Monday, according to reports being received by County School Superintendent Bert Cooper.

Getting Houses and Yards in Shape.

The school houses and yards over the county are being put into condition this week for receiving the embryos next Monday, and the shops in the Nodaway county towns which sell school textbooks are now doing a rushing business. Some schools have free textbooks, but the majority do not, although there are more each year.

All but the seventh and eighth grade pupils of Maryville will receive free textbooks this next term, while the smaller Pickering pupils also will receive free texts this term as a result of an election last spring. Pupils of the following schools also will receive free texts, as last year: Unity, Mt. Tabor, Ireland, Herron, Swinford, Conception, Barnard and Whiteford.

Although the school boards supply these free texts, the state, in the end, pays for them through a special fund.

The Nodaway county fair is on!

It began this morning with a fairly large crowd of Maryville residents and many from out of town in attendance. The crowd from out of town increased every hour of the day, and at 3 o'clock this afternoon had reached fairly creditable proportions. But the attendance tonight will be far bigger, it is believed, while each succeeding day the attendance will continue to increase.

The attendance at the fair grounds even yesterday afternoon was quite large; in fact, was larger than for any day of the Maitland fair, according to James Andy Ford, manager. The sight seers walked from stable to stable to view the show and speed horses, the race track, the different concessions and amusements being put into place for the fair this week, or chatted with neighbors who also had driven in from out of town to catch a glimpse of the grounds before the fair opened.

The big drawback at the fair grounds this year is going to be in finding quarters for all the horses and other live stock that is coming in for the fair this week. Even yesterday morning it was necessary to stable some of the horses in the stalls at the George Lucas farm, east of the fair grounds, and still others temporarily were stalled in the east wing of floral hall. Compared to a total of thirty speed horses at the county fair here last year, there will be more than 100 here this week, according to Manager Ford and W. O. Geary, superintendent of races and clerk of scales. Then there also will be a large number of horses brought here only for entrance in the night show rings. Every one of the 125 stables are full.

Exhibits Continue to Come.

The lighting arrangements for the fair were completed today and everything finished to insure the entertainment and accommodation of the crowd. With a cool, clear sky to start off the week's fair, indications are that the crowds easily will break the records of last year.

Captain John H. Worden, the aviator, and his helper, Mr. Anderson, arrived in Maryville last night from Austin, Texas, and gives his first flights today. J. G. Wright, balloonist, also is on the grounds, as well as other amusement promoters. Most of the concessions are in place today, though a few have yet to be installed.

The exhibits of grain, vegetables, fruits, household crafts or textiles, are being entered today in floral hall. All will not be in before tomorrow afternoon, it is said. Much live stock also is still out, especially in hogs and cattle. The poultry exhibit promises to be quite thorough and to show every breed of fowl.

To Race Ox at Fair.

Arrangements have been made caring for horses and teams driven to town, by all liveries and by several who have leased ground across the street from the fair grounds. No cars or vehicles used for hire, are allowed past the Burlington railroad tracks, so as to safeguard pedestrians or those who drive to the fair.

The Burlington company also has employed A. N. Reese as special traffic watchman where the tracks cross East First street, to guard against accidents from trains or freight cars being switched. He will be there during the entire day.

One of the arrivals at the fair grounds yesterday afternoon was Matthew Baker, 77 years old, of Barnard, who drove a two-year-old ox here, hitched to a small spring wagon. He will be on exhibition several days. He expects to enter the ox in a feature race at 4:30 o'clock this afternoon. He will also run again at 11 o'clock tomorrow morning and at 4 o'clock tomorrow afternoon.

Here Are Some Show Horses.

Some of the persons who have show horses at the fair here this week, together with the names of the horses, are:

J. H. Trapp, Smithville—Rooster McDonald, trick horse which does twenty two stunts, including the various dances, Spanish steps, etc; Rex Carver, Jimmy Gilmore and a two-year-old saddle stallion.

Earl Hutton, Smithville—Princess McDonald, a bay saddle mare.

Don Riley, St. Joseph—Two show horses which have been exhibited throughout the United States.

J. T. Larmer, Ravenwood—Ane show horse.

Jack Noel, Pawhuska, Okla.—Box Center, an 8-year-old stallion; Brown Jim, a 3-year-old gelding; Dan Byers, a 4-year-old gelding, all runners.

A. G. Harris, Pattonsburg—Dollie, a 5-year-old saddle horse, and President, a 6-year-old stallion.

Col. R. G. Munday, Lathrop—Wamego Frash, a standard bred 6-year-old harness horse; Betty B, a registered 3-year-old saddle horse; Prince Chester, a 4-year-old gray gelding; Irene Shrader, a 2-year-old registered saddle mare; Gypsy Maid, a 4-year-old saddle mare; Colonel Thompson, a 4-year-old harness horse; Rex Rose, a 5-year-old registered saddle horse, and one colt.

Expect Township Exhibits.

The township agricultural exhibits will be placed in the east wing of floral hall. There will be one from Polk township, gathered under the direction of Ernest Wray and Ed Fannon, one from Hughes township, under the direction of William Gex, and probably several others. They will not be entered until late this afternoon or tomorrow, it is said.

Federation of Women's Clubs to Get Out Paper Sept. 25—Proceeds to Rest Room.

Did you ever see a real woman's newspaper, one bossed by women and edited by women? Whether you have or not, you are going to have the opportunity soon. On the 25th of September the ladies of Maryville are going to show the men how a real newspaper should be run. On that day the office of The Democrat-Forum—equipment, printers, editors and managers—will all be, figuratively at least, in the hands of the ladies and subject to their dictation.

More than a year ago the ladies of the City Federation of Women's Clubs conceived the idea of establishing in Maryville a ladies' rest room for the comfort and benefit of the visiting ladies. Confident that if its advantages could be shown it would become a permanent thing, they went to work and gathered up magazines until they had a car load and sold them. They gave dinners at the fair and in various other ways they raised several hundred dollars. The county court gave them the use of rooms in the basement of the court house, which the ladies of the federation equipped and furnished for the comfort and convenience of the out-of-town ladies. A lady was employed to take charge of the rooms, and they have apparently grown in popularity and public appreciation. The ladies feel that the enterprise has met their full expectations. The year, however, has passed and the money they raised has been spent, and the question now before them is whether the rooms shall be continued or closed.

They had hoped that the merits of the place would be so fully established by the end of the year that the county court would assist them, but the floods came and the bridges went and the county has no money for them, even if it was willing to make them an allowance. So The Democrat-Forum will allow the ladies to get out a special rest room edition, from which they hope to realize a considerable amount. In addition to getting out a unique and interesting newspaper the ladies will be glad to receive new subscribers, renewals, advertising and job printing and every dollar they make will be devoted to maintaining the rest room.

They will appreciate the assistance of the public in every way. Further announcements will be made as their work develops.

MRS. BRIDGET KANE DEAD.

Was Many Years a Resident of Nodaway County—Succumbs to Short Illness.

Mrs. Bridget Kane, the widow of John Kane, Sr., died about 12 o'clock last night at the family home, east of the city.

Mrs. Kane was nearly 80 years old, and while her health had been frail for some time, she was able to be out most of the time, and yesterday morning she attended church as usual at St. Patrick's church.

During the service she became ill and was taken to the home of her son, John Kane, on East Third street. Later she improved and in the afternoon was taken to her own home. In a few hours she became much worse and sank rapidly until her death.

Mrs. Kane is survived by seven sons and two daughters. They are John Kane of this city, Misses Mamie and Sarah, and Thomas and Michael, living at home; James and Frank Kane of Denver, Col., and James and Robert, living at Goldfield, Neb. Her husband died about twenty-five years ago.

No arrangements have yet been made for the funeral.

TO START INVESTIGATION?

Belief of Officials That Plot Exists to Destroy Munition Factories Supplying Allies.

Special to The Democrat-Forum.

Washington, August 30.—That a well organized plot exists to destroy munition factories supplying the allies is the belief of many officials following the dozen explosions of the past week which are considered more than a coincidence.

All refused to discuss it, but it is learned that an investigation has been started.

Severe Damage Inflicted.

Special to The Democrat-Forum.

Paris, August 30.—It is announced that severe damage was inflicted by the French artillery upon the German trenches in the Argonne. The sappers' operation was successful with mines and infantry threw bombs during the engagement.

Don Kingery and R. R. Banner, living near Burlington Junction, have returned from a visit in Arkon, Colo.

STANBERRY WON

DEFEATED FEDERALS IN TENTH INNING 1 TO 0.

WILLEY NOT IN FORM

Local Pitcher Failed to Fan Many, While Hawthorne Was at His Best—Play Here Sept. 12.

The Stanberry Red Sox defeated the Maryville Federals at Stanberry yesterday afternoon by a score of 1 to 0, in the last of the tenth inning. The game was witnessed by a fairly large crowd of Stanberry fans and about fifty from Maryville, though a chill northwest wind swept across the grounds throughout the afternoon. It made playing difficult, and fair balls could not be properly gauged by the fielders.

The Federals had little chance to score at any time, though several men got to second and third during the ten innings. The lone run for Stanberry was made by Walker, who got a single, went to second on a hit by Brittain and home on a single by Summa. There was one down when the winning run was made.

Willey, pitching for Maryville, was not up to his usual form and struck out few Stanberry batters. Hawthorne pitched a good game for Stanberry.

Play Here Sept. 12.

The Stanberry Red Sox and the Federals are scheduled to play another game here Sunday, September 12. Each team has won two games from the other, so that the game here two weeks hence is for the purpose of breaking the tie.

ISAAC TEBOW, 84, DEAD.

Had Lived Here 32 Years—Services Tomorrow Afternoon.

Isaac Tebow, aged 84, died suddenly about noon yesterday at the family home, on West Third street. Mr. Tebow had been an invalid for the past seven years, his illness following a stroke of paralysis suffered at that time.

Mr. Tebow was born December 11, 1831, in Elizabethtown, O., and grew to manhood there.

On December 27, 1855, he was married to Miss Sallie Craven, and the following year moved to Bureau county, Ill., where they made their home for twenty-seven years, and where their children were born.

While living there both united with the Baptist church of Tiskilwa, and were constant members there after.

In 1883 Mr. and Mrs. Tebow and their family came to Nodaway county and settled on a farm east of the city, where they lived for sixteen years. Mrs. Tebow died in 1901. The children surviving are Mrs. Mary Owen and Miss Emilie Tebow, living at home; Charles Tebow of Ravenwood, Frank Tebow of Denver, Col.; Edward and Lewis Tebow of Maryville. He is also survived by twelve grandchildren and one great-grandchild.

The funeral services will be held at the home, 409 West Third street, at 2:30 o'clock Wednesday afternoon, conducted by the Rev. Lewis M. Hale, pastor of the First Baptist church. The body will be buried in Miriam cemetery.

One County Has 40 Twins.

There are forty pairs of twins in Greenwood county, according to a census compiled by J. C. Mohler, secretary of the state board of agriculture. They vary in age from one month to 18 years.

Flash-Like Equines Start It Off Today With Trot and 3 Runs—Motor Races Friday.

Today's Winners.

Jennie Morris, owned by E. Talbert, Des Moines, Ia., won first race this afternoon at the county fair, being a half-mile race for a purse of $100. The time was 50 seconds flat.

Dixie Minor, owned by Ora Jackson, Omaha, was second; Mylore, owned by A. N. Hayden, Tulsa, Okla., third; Apron Face, owned by J. M. Hill, Chicago, fourth, and Indianola, owned by Wm. Proud, Indianola, Neb., fifth.

In the 2:40 trot, the winner of the race was Kansas Gratt, owned by W. D. Henderson. The time was 2:29¼. Alexandria, owned by Charles Atkinson, Los Angeles, Cal., was second; Bradly L., owned by Robert Collins, Creston, third; Billy Todd, owned by H. Kaufman, Columbus Junction, Ia., fourth.

The horse races at the county fair this week promise to be fast and well patronized, according to James A. Ford, manager. The first races are being held this afternoon and will continue each day of the week. The track is in splendid condition and some good records are expected to be established. The track in front of the grand stand and on the last stretch is about eighty feet wide, while at the narrowest place it is fully sixty feet, Mr. Ford said.

A bell has been installed at the gateway leading onto the race track and into the quarter stretch or center field, so that notice can be given for the closing of the gate, before and during every race. This protects the racers and also those who wish to park cars or rigs in the center field.

The races each afternoon start at 2 o'clock and end about 5 o'clock. The races today are the 2:40 trot, half-mile running race, five-eighths mile running race and the three-fourths mile running race.

Conductors of the Races.

The races tomorrow will be the 2:20 pace, the half-mile and the five-eighths mile, the three-fourths mile Elks special and the seven-eighths mile races.

GIVES LAST SERMON

PRESBYTERIAN PASTOR YESTERDAY CLOSES MINISTRY HERE.

HOLD UNION MEETING

Churches Unite In Farewell Service for the Rev. S. D. Harkness—Successor Will Arrive September 10.

The Rev. Samuel D. Harkness, who has been pastor of the First Presbyterian church in the city for the past three and a half years, preached the farewell sermon of his pastorate last night at a union meeting of the Protestant churches held at the First Methodist church.

The auditorium and balcony of the church was filled with one of the largest audiences ever assembled in the building. Assisting in the service were the other ministers of the city, who included the Rev. R. L. Finch, the Rev. G. S. Cox, the Rev. John H. Hubbard, and the Rev. Lewis M. Hale.

Gives Splendid Sermon.

Mr. Harkness gave one of the finest addresses which the people of this city have ever had the pleasure of hearing from him. His subject was that of the "Dives" of the world, and it was subdivided into five leading thoughts: The "Dives" of material wealth; or aesthetic discernment; or civil liberties; the dives reared in faith and the dives of gospel privileges.

The entire sermon was a strong appeal for the use of the best of the earth for the Lord's kingdom and the great opportunities given the men and women of today.

Mr. Harkness' successor, the Rev. William Moll Case of Caldwell, Idaho, will arrive in Maryville about September 10 to take up his work at the Maryville church.

With the closing of Mr. Harkness' pastorate yesterday one of the most successful ministries of the church is ended, and it is to the regret of not only his own congregation but of everyone in the city that his relations with the Maryville workers is severed. Mr. Harkness resigned June 1 to take the pastorate of the Immanual Presbyterian church of Kansas City. He and his family left this morning for their new home, and Mr. Harkness preaches his first sermon as pastor next Sunday.

Who is Missouri's greatest living man? The Panama exposition management wants to know, and we would like to know, too.

The activity Col. Roosevelt is displaying in his criticisms of the administration at Washington might lead one to suspect that the colonel knows who will be the next Bull Moose nominee.

Hon. Joseph Stewart, second assistant postmaster general, is to be made assistant to the attorney general and special counselor, according to a dispatch from Washington. Mr. Stewart is a holdover from the Taft administration who has been continued as second assistant postmaster general because it was said he could not be spared from the department. It seems that the only way to get rid of Republicans holding high offices is to appoint them to better places. Attorney General McReynolds, another of Mr. Taft's appointees, was kept on the pay roll until there was a vacancy in the supreme court, and he was given a life job there. A number of others have lost their positions by promotions. President Wilson, being a tender hearted man, cannot stand the manifestations of grief incident to separating a good Republican from a good job, so he sugar coats the proceeding with a better salary.

About 140 teachers are attending the annual meeting of the public school teachers of Nodaway county in the Central school building today. Several are from out of the county, who either have been scheduled to give addresses or who desire to get better acquainted with school conditions in Nodaway county. More teachers are expected to attend the meetings tomorrow.

The session opened this morning with a treatise by Miss Ruby Ruddell on the course of study for class D. Miss Ethel Gillinger then made a short talk on the correlation in first and second grades of reading and language and nature study and language.

Prof. Claude Ross, principal of the Ravenwood schools, then spoke on the subject, "Teachers' Daily Preparation of Work." Miss Ada Albert then spoke, relative to the best ways of teaching beginners in a school to read.

One Speaker Detained.

W. P. Johnson of St. Louis, who was scheduled to speak this morning at the teachers meeting on writing and give a demonstration of the muscular movement style, as adopted for the next term in Nodaway county could not attend today on account of illness.

He will take the place of Walter Hanson on the program tomorrow morning, however. He is scheduled to speak at 10:20 o'clock. Prof. Hanson is still at Grand Rapids, Michigan; so will not be on the program.

Author Addresses Tutors.

The first address of the afternoon, which began at 1:30 o'clock, was by Prof. Howard R. Driggs, professor of education in the University of Utah, at Salt Lake City, and author of "Live Language Lessons," which has been adopted for the public schools of Nodaway county next term. His subject pertained to a treatise of the next textbook and how best to study it and phases connected with language.

Miss Hazel Noblett, a local teacher, followed with an address on the length of recitations best suitable to the average country or small town school.

The last address of the day by "imported" talent, was begun at 3 o'clock this afternoon by Prof. W. M. Oakerson, now with the state public school department, but formerly school superintendent of Nodaway county. Mr. Oakerson spoke relative to the state course of study in the public schools.

Why Follow State Course.

Prof. Oakerson explained the value to teachers, pupils and community of following the course of study as prescribed by the state educational department. He then explained the three classes of teachers found in any county.

First, those who do follow the state course of study in an organized, systematized manner.

Second, those who are too indolent, idle or lax to put forth the effort and energy to follow the state course.

Third, those that are so conceited in themselves that they think they do not need to follow the course laid down by them, and adopt their own program of study.

Prof. Oakerson then explained in detail the real value in following the course in systematizing and classifying the work of the school.

Value of Following Course.

"By following the course," Prof. Oakerson said, "the teacher has a definite schedule to pursue, therefore the work will be more definite. It classifies the pupils properly and therefore gives organization to their work. It prepares pupils for the examinations and the completion of the course regularly, because the examination questions are based on the work as outlined by the state course.

"It furnishes an incentive to the pupils for it furnishes an end towards which they have to work."

The session closes today with a talk by Miss Gladys Yeaman on the length of and number of intermissions best suited to the school, and an address by Miss Minnie Everhart on the course of study for pupils in a class C division.

TUTORS READY TO OPEN UP SCHOOLS

MOST OF TEACHERS FOR THE COUNTY ARE NAMED.

SOME PUPILS TO GET FREE TEXTS THIS YEAR

Several Boards of Districts to Offer Books Gratis to Children—Here Are the Educators.

The 164 little country school houses and the thirteen big town schoo buildings of Nodaway county will be thrown open again next Monday morning to the hundreds of sunburned kids who have been enjoying a three to a five months vacation. Teachers are now arriving in their respective districts, preparatory to starting off the 1915-16 school term in grand style next week.

Most of those who will teach in the county next term are in Maryville today for the annual teachers' meeting being held here today and tomorrow. Some will not be in the county perhaps for several days, however, on account of being away on vacations or attending schools elsewhere for their own advancement.

While there may be a few rural schools over Nodaway county which will not be opened until September 13, virtually all will be started off next Monday, according to reports being received by County School Superintendent Bert Cooper.

Getting Houses and Yards in Shape.

The school houses and yards over the county are being put into condition this week for receiving the embryos next Monday, and the shops in the Nodaway county towns which sell school textbooks are now doing a rushing business. Some schools have free textbooks, but the majority do not, although there are more each year.

All but the seventh and eighth grade pupils of Maryville will receive free textbooks this next term, while the smaller Pickering pupils also will receive free texts this term as a result of an election last spring. Pupils of the following schools also will receive free texts, as last year: Unity, Mt. Tabor, Ireland, Herron, Swinford, Conception, Barnard and Whiteford.

Although the school boards supply these free texts, the state, in the end, pays for them through a special fund.
